

Airdrie Flying Club's 2010

AIRPLANE SHOW & SHINE

On Saturday, September 11, 2010 the Airdrie Flying Club will be hosting a fly-in for pilots in the Calgary area. We've taken a page from the car collectors and organized an airplane Show & Shine to promote flying until the weather changes in the fall.

Throughout the day there will be two separate events, each with their own small fee.

The day's main event is the airplane **Show & Shine**, aimed at having people share their planes with others. There will be an aviation-related raffle.

A **barbeque lunch** of hamburgers and smokies, pop and chips will also be available.

The Airdrie Flying Club would like to personally invite you to join us for the day's events. Your participation would add a lot to the event.

If you haven't visited the Airdrie Airpark (CEF4) in recent years, this would be a perfect opportunity to do so. The new runway is fully paved and 5,000 feet long.

If you have any questions or require would like us to provide further information on the Show & Shine please contact us. Our email address is flyin@airdrieflyingclub.ca, or phone committee members Bob Zabolotney at 403-804-8094 or Larry Biever at 403-510-6880.

We look forward to hearing from you. RSVP of your participation is not required, but it would help us in preparing the parking area.

Yours truly,

The Airdrie Flying Club
2010 Show & Shine Committee
